Bringing Nature to You

Outreach from the Heard Museum

Great for ALL types of events

Customizable for topic, size group,
age of participants, and location

TEKS aligned

Specialty Programs:

- **Animal Ambassadors:** Explore animals and their environment with live animals and natural specimens.
- **Birthday Parties:** Enjoy animal interaction, a nature based craft, and interactive games.
- **Event Display:** Discover all about the Heard, its History and current programs with a table or booth at your event.
- **Scout Program:** Investigate the world around you and fill requirements for badges while engaging in an interactive program.

Mobile Field Investigations:

- **Fossils & Dinosaurs:** Discover how fossils are created, their importance, dinosaur facts, and adaptations.
- **Natural Resources & Environmental Impact:** Examine 3 types of resources, human influence, and current technology.
- **Water & Weather:** Investigate water cycles, weather cycles, and meteorology.
- **Adaptations :** Study animal and plant changes influenced by climate, food, and survival needs.
- **Earth Systems :** Investigate the rock cycle, soil types, and their importance. Learn about how the earth changes through weathering, erosion, deposition, and natural disasters.
- **Life Cycle & Food Web:** Explore life cycles of plants and animals while investigating the links of food webs.
- **Custom Program:** Let us create a program to specifically fit your needs!
