**Heard Ropes Course: *Building Teams in Nature***

**Open to the Public Day! Saturday, June 20th**

Get together with your family and friends to experience a 110-foot rock climb, 500-foot zip line and a team power pole! The Heard Natural Science Museum & Wildlife Sanctuary will have a ropes course “open to the public” day on Saturday, June 20<sup>th</sup> from 9-5. It is a fantastic opportunity to learn to work together to develop individual as well as team skills in order to complete the elements! Families and friends are sure to have an exciting, fun time cheering each other on. Visit [heardmuseum.org](http://heardmuseum.org) for pricing and details.

Note: The Heard ropes course is also available for businesses and organizations to help promote teamwork among employees as well as for individual growth. Trust, communication, teambuilding and leadership are just a few of the skills your organization will focus on. Call or visit [heardmuseum.org](http://heardmuseum.org) for details and contact information.
